# 30 KILLED IN NEW YORK

## Financial District of City Rocked By Terrific Explosion

### ED UREN IS KILLED IN CAR WRECK

Passenger Train Hits Machine  
On Crossing at French  
Camp California

Word of the accidental death of Ed Uren in California yesterday was received this morning by George Dixon in the following telegram from Jim McKay: "Ed was accidentally killed yesterday. Was hit by passenger train while driving at a place called French Camp."

The place where Mr. Uren met his death is located near Lathrop, where several railroad lines, both steam and electric, are in close proximity to one another, and it is presumed that from the telegram received that it was while crossing one of these tracks that his auto was hit by one of the fast passenger trains. Mr. Uren disposed of his business interests here several months ago, having accumulated enough of this world's goods to retire from participation in active business affairs, and with his wife was making his home in Oakland. The deceased came to Tonopah 47 years ago, and engaged in business, and since that time had resided in this city.

As a resident of this city, Mr. Uren was noted for his big-heartedness and generosity, and his ready aid at all times to contribute to those in need or distress. He always took great pride in being the first to start contributions of this sort. His untimely end will be deeply felt among his many friends in the city, and the sympathy of the entire community goes out to those who survive him. He leaves a wife residing in Oakland and a number of children in the east.

### ELECTION CASE HEARD TODAY

Arguments in the case of the state of Nevada on the relation of C. D. Fisher as secretary of the Democratic county committee of Nye county, and A. H. Keenan, as secretary of the Republican county committee of Nye county, and P. D. Fisher and A. H. Keenan as electors of said county, against L. E. Glass as county clerk of said county and Harry Dunseath and W. H. Thomas, respondents, in which the plaintiffs are asking to show that the independent platform of Dunseath and Thomas are wrongfully drawn, are being heard today by Judge E. T. Lunsford in district court. The arguments are being heard at a late hour today. Augustus Tilden of Reno is appearing for the plaintiffs and F. H. H. Atkinson is appearing for C. D. Fisher, whose connection with the case is only in his capacity of clerk. Dunseath has filed as an independent candidate for district attorney and Thomas as an independent candidate for sheriff and assessor.

## MYSTERY SHROUDS CAUSE OF HORRIBLE DISASTER IN WORLD'S MONEY CENTER

### THIEVES ENTER OLD GAS PLANT

Robbers during the past few days have entered the gas plant, located beyond the Midway and have stolen a large number of brass valves and other equipment. The police are working on the case and have hopes of bringing the culprits into court, where a heavy penalty is threatened in crimes of this sort.

### NEVADA DUCK SEASON OPENS

Under an act passed by the Nevada legislature in 1919, the duck season opens on September 15th. This morning a large number of ducks were seen flying over the city, and it is expected that a large number of hunters will be out in the morning. The ducks are said to be from the Sacramento-San Joaquin river system, and are said to be very fat and delicious.

### FUNERAL HELD FOR MRS. BONEFORT

Funeral services were held for Mrs. Margaret Bonefort, who died yesterday morning, at 10 o'clock, at her home, 1234 N. 1st St. The services were held at 2 o'clock in the afternoon at the home of the deceased. The burial will be in the local cemetery.

### THOMPSON LEADS IN ILLINOIS

CHICAGO, Sept. 16. (By Associated Press.)—Thompson leads in Illinois for governor. He has 100,000 votes, while his nearest competitor, L. E. Glass, has 80,000 votes. The election will be held on November 2nd.

## J. P. MORGAN AND SUBTREASURY

### BUILDINGS ARE BADLY DAMAGED; TROOPS ON GUARD IN DISTRICT

So far as could be learned two hours after the explosion, the disaster did not take any lives of prominent financiers. The district attorney's office announced its belief that the explosion could not have been due to an accident. Although it is impossible now to estimate the property damage accurately, it is believed that the figure will reach \$750,000. Warnings that radicals had planned a renewal of the bombing outrages were sent recently to all eastern clients of the William Burns detective agency, according to a statement by Burns, who said he was convinced that today's explosion was premeditated and was not accidental.

### NEW YORK, Sept. 16. (By Associated Press.)

A terrific explosion which rocked all lower Manhattan occurred at noon today outside the offices of J. P. Morgan & Co. at Wall street. Several were killed and many others injured. The explosion occurred at 12:30, was said to have reached 15 killed and 50 injured, but an accurate account was impossible in the intense confusion that swept the financial district. Julius Spencer Morgan, son of J. P. Morgan, was badly cut by flying glass. Officials of the company denied first reports that a bomb was exploded in the Morgan building. An hour after the explosion it was impossible to determine the exact nature or location, for spectators were held back by the police. It was reported, however, that shortly before noon an automobile containing two men drew up in front of the Morgan building, and that when Morgan detectives approached the machine one man alighted and either voluntarily or purposely dropped and appeared to be a bomb. Never in the history of lower Manhattan has such excitement been witnessed as prevailed today. Trading on both stock exchange and curb was ordered suspended, and lower New York nation all business matters in attending to the needs of the injured. Fire apparatus and ambulances jammed through the narrow, crooked streets of the financial district, in which lay a covering of shattered glass and broken remains of men and horses. Among the bodies were those of three girls terribly mutilated. Police reports at 12:35 had 15 dead. (Medical reports had 30 dead.) The United States subtreasury, immediately opposite the explosion, was placed under heavy guard to protect its millions of treasure. At 12:45, 14 bodies were seen lying on the sidewalk and 10 others were reported to have been taken out by volunteer workers. An hour after the explosion occurred the police were inclined to the theory that it had been caused by a collision of a T. N. T. truck and an automobile.

## Arrowhead Rice Will Push Development

With the splendid financing which has just been completed by Iowa and Minnesota capitalists for the Arrowhead Rice Mining company, new life has been put into the Arrowhead district. E. E. Northrup, who is president of the company, and who has been in New York, Boston, Iowa and Minnesota, has just returned from a three months' trip to those places. The Arrowhead Rice claims 65 acres in the heart of the district. Its holdings lie 1500 feet due south of the Arrowhead, considered mining company ground. That the finances of the company are in splendid shape is shown in the fact that the concrete foundations for the machinery have already been poured and are ready to receive the engine plant which has been purchased together with an air compressor. The contract has been let for 300,000 shaft 100 feet. It is the plan of the management to push development work as rapidly as possible. It is estimated that when the shaft reaches the 100-foot level, a crosscut will be run and the surface ledge cut and slipping ore will be found at this depth. The management expects to have the machinery in operation inside of 10 days. Work on the new shaft is expected to commence Monday. A. McDonald is general manager and E. E. Northrup is the president and consulting engineer, and under their management splendid results should be obtained.

### 2,000 EXPECTED AT CARPENTERS MEETING

INDIANAPOLIS, Sept. 16. Plans are being made here to care for 2,000 delegates, attendants and guests who are expected to attend the thirty-ninth annual convention of the United Brotherhood of Carpenters and Joiners, which will open September 20. The convention will be in session two weeks.

### DEPRESSION IN MARKET TODAY

Under depression, mining shares showed lack of interest in today's market. Opening of Divide in New York at \$2.95 sales and Gold Zone at \$2.60. Divide stocks had the appearance of activity, when suddenly came the flash that a bomb had exploded at J. P. Morgan's office, and in consequence the New York exchange and curb closed for the day. Local brokers feared a break, but when the San Francisco exchange opened leading Divide stocks were firm, with little stock coming out. Tonopah Divide sold steady with sales at \$2.95, only 2500 shares changing hands. On opening sales Gold Zone sold \$2.60 up to \$2.75. Encouraging reports from the 700-foot level would indicate that Gold Zone will probably reach higher prices. Commodities were quiet, with corn, Virginia selling at 40c, 50c points off from the high sales yesterday at 45c. Tonopahs received little attention, with 200 West End selling at \$1.10. Belmont was offered at \$2.50 with no sales. Goldfields were featured with Spearhead at 1 and Crocker-Jack at 7. Blue Hill was unquoted. Broken hills was weaker, with moving sales at 25. Silver Hills remains strong at 60c. The total sales were 197,000 shares.

### MISSING AVIATOR FOUND AT SHAFTER

SAN FRANCISCO, Cal., Sept. 16. Pilot John Eaton, who had been missing since Sunday, when he left Reno eastbound with a mail plane, is alive and safe at Shafter, Nevada, according to advices today. He and his plane were found 30 miles south of Elko, Nevada.

### ASSAULT CASE IS DISMISSED

A quarrel between miner Mike and Sam Hinkle, two miners employed at the same time on the Arrowhead Rice mine, which resulted in a fight yesterday morning, has been dismissed by the court. The judge found that the fight was a private quarrel and that the parties were not in the line of duty.

## Combination Divide Buys New Property

The Combination Divide Mining Freiburg can be worked on a scale company has bought the entire hold of Frank E. Macey, C. H. Whitman and Captain Charles Briscoe, in the Freiburg district, Lincoln county. This immense mining estate includes approximately 350 acres of what is probably the richest silver, lead and copper mining area in Nevada. Freiburg has long been known as the coming camp of Nevada. Now it has been transferred to a company that does things, we can look forward to much activity in that section. The Combination Divide also acquired a five-year lease and option on 100 acres adjoining its Freiburg property. Altogether it owns and controls about 500 acres as one compact group. The immense orebodies in

## PRESIDENT OF FRANCE RESIGNS

### Deschanel Retires Account of Ill Health—Millerand is Probable Successor

PARIS, Sept. 16. (By Associated Press.)—Paul Deschanel, president of France, presented his resignation of that office today. The resignation of the president has been foreseen in Paris for several days, due to his ill health. He has never exercised the functions of his office since assuming it, and he has been continually under the care of his physician, since the world was startled last winter by the news that he had fallen from the window of a railway coach, just only in daylight. The French constitution makes no provision for a vice-president, and a new president will be elected in the usual manner. Premier Millerand has been prominently mentioned in this respect.

## DRY FORCES TO ENTER CAMPAIGN

WASHINGTON, D. C., Sept. 16. (By Associated Press.)—Members of the Anti-Saloon league in conference here today made public a pamphlet list of candidates for office, which they will wage battle, because of their opposition to prohibition. Among those named are prominent men in the league, in addition to the fact that many of the candidates are not members of the league. The list included the league's policy in that many of the candidates are not members of the league. The list included the league's policy in that many of the candidates are not members of the league.

### MISSING AVIATOR FOUND AT SHAFTER

SAN FRANCISCO, Cal., Sept. 16. Pilot John Eaton, who had been missing since Sunday, when he left Reno eastbound with a mail plane, is alive and safe at Shafter, Nevada, according to advices today. He and his plane were found 30 miles south of Elko, Nevada.
